ONLINE REGISTRATION FOR SELECTION

1. **Register on the online portal Alice** ([www.studenti.unipi.it](http://www.studenti.unipi.it))

   To register, you must enter your personal data when requested during the procedure. Follow the instructions and at the end of the procedure you will receive a user name and you have to choose a password. As well as entering your personal data, in order to be registered for the admission exam you have to go into your personal area and click on ‘Enrolment for Admission Exams’.

   **Start the registration**

   If you already are a student of the University of Pisa you must access the Alice portal using the user name and password you normally use for online services at the University of Pisa, and click on ‘Enrolment for Admission Exams’.

2. **Select the admission test**

   You can enrol immediately after having completed the registration process: in this case you only need to follow the instructions provided at the final phase of registration. If you would like to enrol at another time, you must enter the Alice Portal using the username and password provided at the end of the registration process and select the menu item “Enrolment for Admission Exams”.

   Remember that you must take the test **before 12:00 pm on the day of the deadline indicated in the notice**. The registration is valid only for one session and can be repeated for any following sessions. You are allowed to participate in the second and/or the third, even if you participated on the first or second sessions.

3. **Take the TOLC-I test**

   Register for the **TOLC-I test** and sit the test on the day and at the time selected, following the procedure and calendar published on the [CISIA website](http://www.cisia.unipi.it), **before 12:00 am on the deadline for each session**.

   **For the purposes of this announcement, the TOLC-I is valid as of February 2018.**

   Remember that you can take it several times (maximum once per calendar month). In case of more than one TOLC-I tests taken, the one with the highest score will be taken into consideration in the Mathematics section.

   For participation in the third session, the Internal Telematic Test (TIT) of the School of Engineering of the University of Pisa, which will take place on the 23rd of September 2019, can also be applied. The registration procedures and further information are published on the website of [School of Engineering](http://www.ing.unipi.it).
